# 5 Reasons for Drinking...

Drinking has led to the greatest wonders of the world. Tons of alcohol intake has created rockstars that have made some heart throbbing music, actors that have given sprawling performances with the source of alcohol and a million other wonderful personalities that have outgrown themselves with the support of alcohol and thinking.

## REASONS FOR DRINKING

1. Alcohol intake has led to loss of consciousness and shyness where people have stepped up the ladder being their best self.
2. When life is low, only alcohol get you high.
3. Drinking isn't just about losing yourself, it's about embracing your true self and deal with anxiety and other personal issues.
4. Dancing doesn't come naturally to all, but with alcohol it's only natural that you dance along and groove.
5. Life has problems. Alcohol is the solutions to those problems.

## It's unhonourable to refuse a beer

Beer is that evergreen drink that can be had anytime of anyday. It's the quantum of your solace, the prime lubricant that makes friendship stronger and makes timeless bonds that are unforgettable. God made a whole bunch of things that we despise but he also made beer for us to enjoy the best and to forget of the rest.

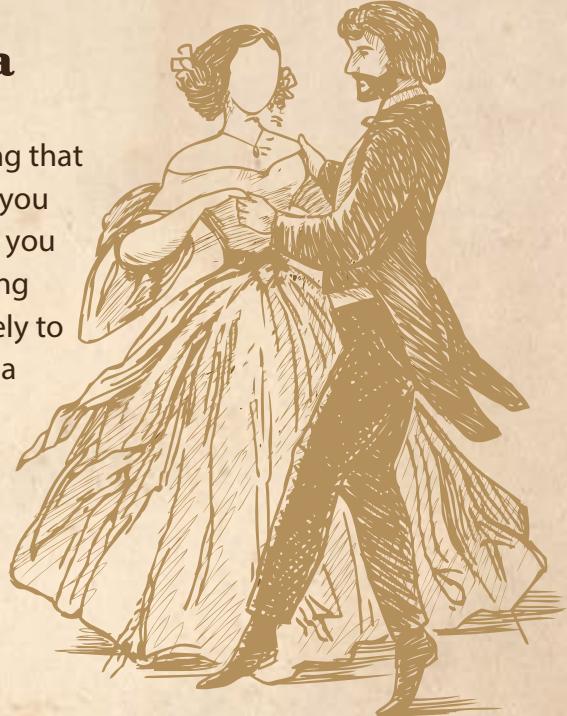

'Without beer, there are problems. The solution to all problems is Beer.'

## Trust me, you can dance - Vodka

Vodka is all about discovering your hidden talents. Everything that you do after drinking vodka is done by vodka. If you believe you can't dance, vodka will make you sway like a house on fire. If you think you can't socialize, vodka will turn you into an endearing socialite. Statistics show that vodka drinkers are 60% less likely to have a stroke as they release all their stress dancing away to a glorious un memorable night.

*'Haku Nama Vodka'* – It translates to 'Don't worry, drink Vodka'

## **Whiskey is always a good idea!**

Whiskey for a man is like a liquid sunshine that goes slithering through their body brings them inner peace and warmth. A man's life may be messy but the one neat sheet that remains unchanged would be his whisky. A man's time under the sun may be of absolute brilliance and in the dark a shallow empty space but don't forget, whisky is always refillable.

## How you drink your Single Malt?

As you grow older, three things are bound to happen. When you become a boy, you start shooting beers like a caveman drinking water after over a month. The next turn of events is when you switch to whisky and cherish it neat as men as intended to. The last is when you're finally an experienced man who knows his single malts and drinks it on the rock steadily experiencing every sip of that heavenly water stirring through his body.
